

Alegent Health believes every woman deserves the resources and support she needs to maintain optimal breast health. Alegent Health offers a full range of services, from mammography and top notch medical and surgical care to reconstruction, rehabilitation and support services, including:

- Timely mammography and testing reports.
- State-of-the-art digital mammography – available November 2006 at Lakeside Hospital.
- Certified oncology nurse navigators who schedule diagnostic workups and physician evaluations, and involve patient and family in the development of a treatment plan.
- Prompt, comprehensive evaluation by a multi-disciplinary team of specialists ensuring optimum communication between team and patient, family and referring physician.
- Access to clinical trials and genetic counseling.
- Advice on breast cancer prevention strategies and education, as well as comprehensive cancer support services.
- Ongoing monitoring and support, including support groups specific to breast cancer patients and their families.

Sign up to participate in **e-check**, a free e-mail reminder to perform your monthly breast self-exam at:
